IMPERIAL STEAM COOKED HORSE FEED is made of whole com and oats steam cooked and kiln dried. Most horsemen are convinced of three things before they begin to use Imperial Steam Cooked Horse feed, its SAFETY, HIGH NUTRITIVE VALUE and its HIGH DIGESTIBILITY. It is very high in DIGESTI-BLE NUTRIENTS and is surely PRODUCTIVE OF ENERGY and MUSCLE. INDIGESTION and COLIC are unknown troubles when your horses are fed on this diet. Water less than eight per cent, fiber less than four per cent, carbohydrates seventy-two per cent. It takes about 2,300 pounds of raw grains to make a ton of Imperial Steam Cooked Feed which is put up in one hundred pound sacks, running about one hundred quarts to the bag. It takes three bags to a horse to give it a fair trial and watch results. For sale by

Snake Does Not "Sting" The stinging snake is a myth. though thousands of people apparently believe there is such a thing as a stinging snake, and many of them insist that they have seen such snakes, no competent scientist or observer has ever had the privilege of seeing one. Rewards for stinging snakes are occasionally offered, but no such snakes are ever produced. The nearest approach to the supposed stinging snake is the "Farancia abacura," a small harmless snake with a needle-like spine on its tail. In different parts of the South this snake, along with kindred species, is known variously as the hoop snake, the rainbow snake, the mud snake and the stinging snake. But the notion that these snakes sting with their tails-is all poppycock.-

Exchange. Why He Changed Name Sam was the new office boy in the Business Girl's office. When he was nired she asked him if his whole name were not Samuel, but like Topsy he claimed he was "just Sam." Several weeks went by. Sam was a very small boy for his age and not at all strong for his size. As there were several men in the office Sam had very little heavy work to do, and it was understood in the office that the heavy work would have to be done by some one huskier than Sam. One day-Sam confided to the Business Girl that he had changed his

name to Sam-he said his name had

been much worse than that. When the

The end of the world will come Februsry 6, next. Anyway, that is what C. F. Woertz of Ohio, who is touring in Mains in an automobile with J. J. Hardman of South Dakots, says. They are Seventh Day Adventists. They claim this date was given Mrs. Margaret W. Rowen of Los Augeles in a vision a year ago. They believe all life on the planet will be destroyed on that date, and true also believe the old earth will remain desolate for one hundred years, when a new world will be organized. These evangeliste say they have got to be in California on February 6 to join the 144,-000, who have reached perfection and will be translated on that day.
